Introduction

Mohammed Al-Muzayen Law Firm was established with the goal of becoming a boutique law firm that helps corporate clients start their business and manage its day-to-day operations. The firm is led by Mr. Mohammed Al-Muzayen, a graduate of Bachelor of Laws at King Saud University. From the very start, Mr. Al-Muzayen has dreamt of opening his own lawfirm, so he set off on a journey to build up his knowledge and experience in the field. His vast experience in corporate law includes working for companies that held global brands such as Unilever, Kenwood and Philips. Mr. Al-Muzayen worked with Alsubaie Real Estates Co as a consultant, then with Dr. Fahad A. Al Khalif Law Firm as an associate lawyer. He also worked with Almajdouie Group as a consultant, before finally landing an important position at Motasem Khashoggi Law Firm, a corporate law specialist. Having gained substantial knowledge and experience, Mr. Al-Muzayen has established his own practice in 2016 and started to offer and provide services, through ALAQD Platform, such as: business start-up and structuring, representing corporate clients before commercial courts, reviewing high-profile contracts (franchise, construction contracts, etc.) and a lot more. At the very core of the firm's values, and at the same time its key to success, are dignity and accountability. Mohammed Al-Muzayen Law Firm aims to provide legal services according to international standards and best business practices.
